# Jiaying Wei Interaction Designer

*jywei02@gmail.com | LinkedIn | www.jiayingwei.github.io*

*I am an interaction designer creating experiences for IoT and AR applications.*
*I believe that in our complicated world we need to design for simplicity.*

## Design Engineering @ Mitsubishi Electric *Kamakura, Japan*                Apr 2019~

- Using data & behavior design principles to improve service design prototypes
- Researched interaction for AR applications (Continuing R&D for SwipeTalk Air)
- Created visual design guidelines for Mitsubishi Electric's global branding initiative
- Managed international interns and their projects

## Interaction Design @ Mitsubishi Electric *Kamakura, Japan*    Jan 2018 ~ Apr 2019

- Created wireframes & mockups for Mitsubishi Electric's IoT products
- Primary UIUX designer for Mitsubishi Electric's Kirigamine REMOTE air conditioner app
- Introduced the use of Sketch as a design tool to the company

My portfolio speaks for itself www.jiayingwei.github.io
